Mayor Timmerhoff and the two new Councilmen—W. L. Richards and Frank Whisman—were inducted into office last evening and after the formal ceremony had been concluded the new Mayor made the appointments and announced the standing committees as noted above.

There was no sensational incident to mark the incoming reform administration and the expected recommendations from the new mayor along those lines did not materialize, he probably reserving them for a later date. But there was a sentimental feature that marked the transition in the incumbency of the office of the chief executive of the municipality when the retiring mayor was presented with a gold watch on behalf of the citizens of Prescott. Mr. Goldwater was completely taken by surprise and he was so affected by the token of appreciation of his services that he was overcome with emotion when he attempted to respond in giving expression to his thanks.

When the old council had concluded its labors which consisted at this session in the hearing of reports of city officials and the allowing of bills, Mayor Goldwater said: It was in 1879 when I first took office in Prescott and I don't recollect how many times I have served as councilman or as mayor. I am now the oldest as well as the youngest ex-mayor of the city and as to my record, I can only refer to the records of the city clerk. In retiring I have no recommendations to offer and believe the new members of this body are thoroughly capable of administering the affairs of the city without any suggestion from me. I have always found my associates on the council courteous and we have worked together without friction or trouble. I now take great pleasure in presenting my successor, Mr. Timmerhoff.

In assuming his seat, Mayor Timmerhoff said: "I appreciate the honor of the position not only because it was bestowed upon me by my fellow citizens but also because I have succeeded as good a mayor as you have made. I feel the people of Prescott appreciate your faithful and efficient services, and if I am able to leave the office at the end of my term and shall have made as good a record, I shall feel that their faith has not been unfounded. In behalf of the citizens for whom you have labored so well I desire to present you with this token of esteem. As time passes and you look upon this memento, I hope you will bear in mind the esteem of the citizens of Prescott for yourself."

He then handed Mr. Goldwater a case containing a valuable Howard gold watch upon the exterior of which is engraved this inscription: Presented by Citizens of Prescott in recognition of his services.

MAYOR,
MORRIS GOLDWATER.

After viewing the token for a few seconds Mr. Goldwater undertook to respond but after speaking a few words, his voice became husky and he almost choked with emotion. "I can truly say," said he, "that this is a surprise. I have always tried to do my duty. I have not tried to

please everybody but have always tried to do right. I appreciate this all the more because I was not expecting anything of the kind. I would have appreciated it if I knew that my work had been appreciated by only a few." Here the speaker broke down and finally added: "I hope you will excuse me if I say nothing more at this time."

The new officials were then sworn in by City Clerk Robinson and Mayor Timmerhoff announced that he would make no address at this time. He said that the members had held an informal conference during the week and had reached a conclusion as to some of the work that was planned. He hoped to be able to make some recommendations and trusted that his colleagues would not hesitate to offer suggestions which they deemed would be of benefit to the city. He then announced the Standing Committees and made the appointments listed above, which were ratified unanimously by the council.

Mrs. Jay Wallace filed a written demand upon the city for \$10,000 damages alleged to have been sustained on December 4, 1912, by falling into a cut on South Montezuma street. She also asks for \$250 for medical services and for \$50 a month for loss of time from date of injury to the date of trial. The matter was referred to Councilman Head for investigation and report at next meeting.

The matter of co-operating with the Chamber of Commerce and the Monday Club for arranging for a Cleaning Day, was referred to the Sanitary Committee.

The Mayor announced that he had been approached by a number of ladies in reference to a bill that was to be submitted to the legislature for the establishment of an orphan's home. They desired the city to donate a tract of land for the institution. After some discussion as to available sites, the Council voted as favoring the proposition.

The matter of placing metallic street signs at all of the corners, was referred to the street committee.

The clerk was authorized to advertise for bids for the city printing, fuel oil for Del Rio, and for feeding the city prisoners. The city printing contract upon the suggestion of the Mayor will include the publishing of the minutes of each meeting of the Council.

There was received during January \$8,498.64 while the disbursements were \$5,528.81, the balance on hand being \$41,243.84.

There were 33 arrests made during the month. The expense for the water department was \$2,414.28 while the water billed out amounted to \$4,191.17 and the collections \$3,379.93.

City Recorder Robinson's report showed a collection of \$130 for fines. License collections aggregated \$1,251.

The annual report of Tax Collector Williams showed the following receipts: Taxes, \$33,940.33; delinquent taxes \$50.68; water, \$45,104.28; licenses, \$12,751.80; Marina street improvement fund, \$125; Willis street fund, \$175.25; Alarcon street fund, \$4,308.04; rent for dam \$300; rent for city ranch, \$300; sale of horses and property, \$32.51. Total receipts, \$96,987.89.

Twelve deaths and eleven births in January were reported by the Health Officer who asks for the co-operation of the citizens in keeping their back yards clean, in providing regulation garbage cans, and the systematic removal of all manure and debris.

The annual reports of Chief Johns of the fire department and of City Clerk Robinson were read and ordered published in the city official paper as being of interest to the taxpayers.

City Treasurer Scholey's report for the year ending Feb. 1, is summarized thus: Cash on hand, Feb. 1, 1912, \$29,494.64; receipts, \$100,526.89; disbursements—general fund, \$66,714.59; interest fund, \$22,063.10; total cash paid out, \$88,777.69. Balance in treasury \$41,243.84.

DISMISSAL LEADS TO AN OPEN REVOLT

Pioneers Surround Superintendent On Street and Deputy Sheriff Is Called to Protect Him.

(From Tuesday's Daily)

As the outcome of the dismissal from the Pioneer's Home in this city of E. G. Bradley, a small-sized mutiny occurred on Sunday, in which eight members forcibly resisted the expulsion of their companion, and for a time threatening demonstrations were in evidence.

The climax came on Gurley street, when Superintendent Caldwell enlisted the protection of Under Sheriff Raible, so demonstrative was the wrath of those who were supporting the evicted pioneer. One report was in circulation that Bradley had been ordered dismissed by the Governor and Board of Control, but

the aggrieved members who figured in the open revolt state the dismissal was the personal action of the superintendent and without any grounds. At any rate chaotic conditions are prevailing at the home, and Sunday's demonstration was in keeping with the restless state of affairs prevailing in that institution. Bradley was admitted from Clifton.

Up to last night he had not been reinstated. A dozen or more pioneers are very earnest in their expressions, and yesterday gave vent to their feelings in this and other matters linked to the management of that institution.

ALLEGED ASSAULT ON GIRL CAUSE OF TRAGEDY

(Continued from Page One)

Zieger was seen to get on his horse at Congress Junction and to leave for Octave about thirteen miles distant. Before starting he is said to have informed certain parties that he was going to the Octave to settle the matter with Morrison, at the same time reiterating that he had committed the assault. He was warned not to make the trip. Zieger was armed with a six-shooter, according to those who have come forward with their statements. At about 7:00 o'clock Zieger arrived at Octave, and reaching the postoffice tied his horse to a post. He walked up the street a short distance from the Morrison home, when he retraced his steps and returned to the postoffice. Morrison saw him and walked from his residence to the office, meeting Zieger who was coming from an opposite direction.

Morrison is reported to have said to Zieger "what do you want" when the latter made for his horse. Believing that Zieger was after a weapon Morrison leveled his rifle and fired three shots in rapid succession, one bullet passing through the chest of Zieger, one entering the stomach and the last one passing through the hip. Zieger expired in a few minutes.

The coroner's jury impaneled by Judge McLane of this city at Octave on Sunday brought in a verdict that Zieger came to his death from gunshot wounds at the hands of T. J. Morrison. Sheriff Keeler returned Sunday from the scene with Mr. Morrison in custody.

The body of Zieger was brought to the city yesterday by Lester Ruffner, and burial will take place in this city immediately after a brother, Charles Zieger, arrives from El Paso, Texas.

Bradner men to win the election of Billy Graham of Cochise to the Speakership but the Linney men were obstinate and won the day. Later the organization of the House was made complete by the election of Sweeting of Graham as Chief Clerk and Brawner of Maricopa as sergeant-at-arms. In the Senate Cronin of Santa Cruz was named Secretary and Joe Wiley of Pima, Sergeant-at-Arms. The clerkships will remain practically the same as the last session.

Before adjourning for the day Governor Hunt's message was read in each House, an indisposition of the Governor's throat preventing his reading the document to a joint session.

LONDON, (Tuesday), Feb. 4.—The Times says a report is current among some of the Balkan representatives that the Porte has already telegraphed to Sofia offering to cede Adrianople on the conditions laid down and that Bulgaria is ready to accept. The report is unconfirmed but it is not considered incredible.

CAIN REFUSES TO BELIEVE HE IS DEAD

(From Sunday's Daily.)

Contrary to many rumors in circulation that Irwin Cain had been killed at Ash Fork a week ago by having his back broken, and on Friday had been run over by a train on the Verde Valley line, the doomed man continues to breathe freely and perform his duties as brakeman as competently as the liveliest of trainmen. This information was given yesterday by H. C. Storey, superintendent of the S. F. & P. railway in this city, who was in communication with the "deceased" but a few hours before he was questioned by many friends for information.

HARRY HARTER IS A VICTIM OF PNEUMONIA

Makes Valiant But Losing Fight Against Dread Disease

(From Tuesday's Daily)

Harry Harter answered the summons from the Unknown yesterday morning at about 10:00 o'clock, passing away at Mercy Hospital from pneumonia after an illness of nearly three weeks.

His death has created expressions of deep regret in this community, enjoying as he did a wide popularity after a residence of over ten years. He was a man of splendid fellowship, and on any public occasion was always in the lead with that spirit of cheer and good will that gave him an excellent name in furthering any cause for the benefit of the public at large. One of his splendid characteristics was his open-handed generosity, and the many kind acts he extended the cause of charity will be a tribute to his memory that will be cherished.

In an effort to save his life, he was taken to Mercy hospital Sunday morning where an operation was deemed advisable, his affliction assuming a grave condition for several days.

He was aged about 54 years and a native of California. His only relative is a widow, who was faithfully at his side from beginning to end, and to whom the sympathy of all in this city is extended in the bereavement that is inconsolable. The funeral will be announced later.

DENVER, Feb. 1.—The house today adopted a resolution favoring the direct election of United States senators. The senate had previously adopted the resolution.

Federation Meeting.

"I was most agreeably surprised by the speeches that I heard at Douglas before the Annual Convention of the Arizona Federation of Women's Clubs. The breadth and information of the Arizona women certainly surprised me. I anticipated hearing something exceptionally good, but the addresses and discussions far exceeded my expectations."

This statement was recently made by Governor George Hunt, upon his return from Douglas. He made an address before the Federation Convention and dined with the delegates at the Gadsden Hotel.

"Mrs. Pennybacker, president of the National Federation of Women's Clubs, made a brilliant address" the governor said. "She is one of the most remarkable women I ever met. Another address in which I was keenly interested with that of Dr. Agnes McKee Wallace, president of the State Federation."

"Addresses of welcome were delivered by Mrs. J. Calisher and Mrs. E. R. Firtle of Douglas. The entire program was most interesting. After the morning session, I was the guest of the ladies at the Gadsden Hotel. Alfred M. Sames and Judge A. F. Parsons were the only other men present. I enjoyed myself so thoroughly that I came near missing my train."
